Rezaei critically examines @amir.ali\_gh a popular Iranian poet on Instagram with a poetry book called 'I kept my promise'. Though #instapoetry is not present in Iranian literary culture, there are 1) poets on Instagram and 2) poets from Instagram #ReadingInstapoetry

## Instapoetry Conference

**Congratulations** to Yasamin Rezaei for her participation in the Instapoetry conference. The event was moved to the Zoom format due to COVID-19 for the dates July 14th to 16th. The two most important topics discussed were the reemergence of poetry in a new digital space (Instagram) as a way to evade the censorship on Iran, and the importance of Twitter as a presence capable of preventing executions.
